09:00	50m running target 20 + 20 shots mix	M
17:00	Award Ceremony and competition closing	

Results and evaluation:

The winner in each event gets amount of points, which is equal to the number of participants in one of the events with maximum number of shooters.

The 2nd, 3rd and other places' points depend on number of shooters in the event.

There will be formula for each event to calculate points for each shooter.

P_x – points for shooter in place X

M – max quantity of shooters in one of the events = points for the 1st place in all events.

N – number of shooters in current event

S – value of step for current event

S = M/N (number of shooters in one of the events with max quantity of participants divided with number of shooters in current event).

Step will be calculated with hundredth (2 numbers after point).

P₂ = M - S

P₃ = M - 2S

P₄ = M - 3S

Value of the step in each event will be different, according to amount of participants in current event.

The last place in each event gets 1 point. National team's result consists of points collected from 20 shooters' points irrespective of event and sex.

The competition is an individual and the number of participants **is not limited**.

Balti Cup Elva 2023

Each nation can start with unlimited number of shooters in each event, but only 3 shooters, appointed by 25th of May, collect points for the team.

After the competitions 20 best results of the competitors will be summed up and according to this the national ranking list will be published and the perpetually passed cup will be granted.

Participants must be born before the year 2010.

Rules:

The competition will be conducted in accordance with the ISSF Official Statutes, Rules and Regulations and ESC Statutes and General Regulations.

The competition organizing committee reserves the right to change the competition instructions, when the ISSF General Rules and Regulations are changed.

Shooting ranges:

The Elva shooting range is located at 2 km from Elva, 25 km from Tartu and approximately 215 km from [Tallinn International Airport](#).

Elva shooting complex has:

- 25 m shooting range, pistol cal .22LR: **6 groups with 5 paper targets**
